What to Think?

To the Editor: What is the American tax-paying citizen supposed to think?

Here we are supporting a \$50 billion-a-year defense budget, then we pick up the daily paper and on the front page there is a bulletin saying: "Khamm Regains Viet Power in New Coup."

Then we read, in the same paper, a news item headed: "Fulbright Doubts Another Viet Nam Coup." Reading the item we find that Fulbright made this statement after a briefing by CIA director John A. McCone.

After an encounter such as this, one wonders what these VIPs are doing with the \$50 billion.
